

### **REMARKS**

Applicants thank the Examiner for the courtesy of the telephone interview of December 11, 2006. By this amendment, Claims 1 and 6 have been amended to remove oxygen. Applicants select the NR structure to be searched by the Examiner. Claim 3 has been amended as suggested by the Examiner. Claim 10 has been cancelled. As discussed with the Examiner a new search is needed relating to the use of NR in independent claims 1 and 6. The previous rejections have now been made moot and so they will not be replied to.

The Peng et al reference cited by the Examiner does not show an NR structure. Park et al also does not show an NR structure.

It is believed that these changes now make the claims clear and definite and, if there are any problems with these changes, Applicants' attorney would appreciate a telephone call.

Respectfully submitted,

Attorney for Applicant(s)
